

Check-to-Spec

SERVICE SPECIAL

\$159.00

Includes diagnostic and functionality check of one H-System camera body, lens, viewfinder, Hasselblad digital and/or film magazine. Add extra lenses for only an additional \$27.50 each...

Bring your H-System camera, lens, digital and or film magazine, and viewfinder back to original factory spec – all for just \$159.00!

While Hasselblad cameras, lenses and accessories are built to the highest standards and use the finest materials available, regular service is an important maintenance precaution. Mechanical as well as electronic components can gradually drift out of tolerance through regular use - affecting alignment, focus, shutter speed accuracy, and other vital functions...

Whether you shoot film or digital photography, a factory spec camera is critical to achieving the highest possible image quality. The Hasselblad **Check-to-Spec** Special will ensure your camera system is functioning as well today as it did the first day you used the camera...

For complete details, see the reverse side and contact us for your special “**Reservation #**”...

Terms and Conditions

A credit card is required before the **Check-to-Spec** service can begin. The \$159.00 fee covers the inspection and evaluation of one of each of the following H System components: Any H Series camera body; any HC/HCD lens; H viewfinder; H film magazine; H digital magazine (See below for digital magazine information pertaining to this special). Extra lenses can be included under the **Check-to-Spec** special for an additional cost of \$27.50 each. The above fees do not include applicable taxes and shipping charges, which will be added to the invoice. If during the course of the **Check-to-Spec** service, a problem is identified with one or more of the system components that is beyond the scope of this service, a separate repair estimate will be provided for your review and approval. Any **Check-to-Spec** special where a repair estimate is generated, Hasselblad USA will extend a 20% discount on the labor rate (**Excludes** digital magazine)...

Digital magazine services performed

A complete cosmetic inspection and functionality check will be done, including any firmware updates. The LCD display and protective glass areas will be cleaned. Test shots will be made both tethered and un-tethered checking for sharpness and focus within the image area. We will also check for dust, spots, and scratches on the IR Filter...

Note: This **Check-to-Spec** service special is for **Hasselblad Brand** digital magazine **ONLY**... (No Exceptions)
